

My Building - MyKey™

MY VIDEO INTERCOM

MY VIDEO INTERCOM ANNOUNCES A POWERFUL NEW TECH SOLUTION FOR PROPERTY MANAGEMENT THAT REDEFINES THE SMART VIDEO DOOR AND DIGITAL DOORMAN MARKETS.

MVI Systems has delivered an innovative and advanced approach to property management using a combination of proprietary hardware, mobile apps, cloud-based portals and an extensive custom-designed kiosk software platform. MVI's **KeyCom®** is an AI driven, user-friendly, smart video door system comprised of a simple, main entry touchscreen panel that interacts with every resident, guest, delivery or employee with unique features and functionality not available anywhere in the market.
